

PRAYER from the Bishop

Gracious God thank you that you are over all, in all and through all. We lift our world before you as we face the advent of the COVID-19 virus. We pray for those who are suffering its effects, the medical personnel who are caring for them and those who are seeking a vaccine or cure. We are grateful for the lives of people who have died and pray for their families and friends in their bereavement. We ask that you enable us to know your love for all and give us your peace which passes all understanding. In the name of Christ. Amen.

Sound System Workshops

We have a state-of-the-art sound system at Stone, and we want to be able to use it to its full potential. Steve Shantz has experience with operating church sound systems and has offered to do some workshops. There are two groups of people who should attend: the **Users**: those who use the microphones (readers, speakers and preachers) and the **Operators**: those who operate the sound system. The **Users** are asked to attend a 20-30 minute workshop after the service on **March 22** or an alternate date to be announced. The **Operators** are also asked to participate in a 60-90 minute introductory workshop on **March 29** after the service. If you have any questions please speak to Jasmine, Terence or one of the Wardens."
